<b>1. Introduction</b>	<b>1</b>
<i>Peggy Carlson, MD</i>	
Vegetarians	2
History of Vegetarian Diets	2
Diets around the World	5
History of the “Western” or “Affluent” Diet	5
History of Scientific Research into Diet-Related Diseases	9
Conclusion	13
References	13
<b>2. Protein</b>	<b>15</b>
<i>Virginia Messina, MPH, RD</i>	
Introduction	15
Summary of the Scientific Literature	15
Practical Aspects	19
Conclusion	19
References	21
<b>3. Fats</b>	<b>23</b>
<i>Brenda Davis, RD</i>	
Introduction	23
Summary of the Scientific Literature	24
Practical Aspects	38
Conclusion	46
References	46

<b>4. Fiber</b>	<b>51</b>
<i>Peggy Carlson, MD</i>	
Introduction	51
Summary of the Scientific Literature	51
Practical Aspects	60
Conclusion	60
References	61
<b>5. Iron</b>	<b>64</b>
<i>Dina Aronson, MS, RD</i>	
Introduction	64
Summary of the Scientific Literature	64
Practical Aspects	74
Conclusion—Vegetarians: At Risk, or Having an Edge?	75
References	76
<b>6. Calcium and Vitamin D</b>	<b>78</b>
<i>Suzanne Havala Hobbs, DrPH, MS, RD</i>	
<i>John J. B. Anderson, PhD</i>	
Introduction	78
Summary of the Scientific Literature	79
Practical Aspects	80
Conclusion	81
References	82
<b>7. Vitamin B12</b>	<b>83</b>
<i>Michael A. Klaper, MD</i>	
Introduction	83
Summary of the Scientific Literature	83
Practical Aspects	88
Conclusion	91
References	91
<b>8. Zinc</b>	<b>93</b>
<i>Virginia Messina, MPH, RD</i>	
<i>Reed Mangels, PhD, RD, FADA</i>	
Introduction	93
Summary of the Scientific Literature	93
Practical Aspects	96
Conclusion	96
References	97

<b>9. Other Vitamins and Minerals</b>	<b>99</b>
<i>Reed Mangels, PhD, RD, FADA</i>	
Introduction	99
Summary of the Scientific Literature	99
Practical Aspects	107
Conclusion	107
References	108
<b>10. Heart Disease</b>	<b>111</b>
<i>Peggy Carlson, MD</i>	
Introduction	111
Summary of the Scientific Literature	111
Practical Aspects	126
Conclusion	127
References	127
<b>11. Cancer</b>	<b>134</b>
<i>Peggy Carlson, MD</i>	
Introduction	134
Summary of the Scientific Literature:	
Cancer Rates among Vegetarians	134
The Relationship Between Diet and Cancer	140
Practical Aspects	155
Conclusion	156
References	156
<b>12. Hypertension</b>	<b>162</b>
<i>James Craner, MD, MPH</i>	
Introduction	162
Summary of the Scientific Literature	163
Practical Aspects	178
Conclusion	179
References	179
<b>13. Stroke</b>	<b>184</b>
<i>Peggy Carlson, MD</i>	
Introduction	184
Summary of the Scientific Literature	184
Practical Aspects	196
Conclusion	196
References	196

- 14. Obesity and a Vegetarian Diet** 202  
*Sudha Raj, PhD, RD*  
Introduction 202  
Summary of the Scientific Literature 202  
Practical Aspects 208  
Conclusion 209
